# Buckle up. Save \$200.

---

## **It's the law.**

State law requires everyone in the vehicle to buckle up, day or night. Drivers and passengers who don't buckle up, even in the back seat, face fines up to \$200. Children younger than 8 years must be in a child safety seat or booster seat unless they're taller than 4'9"—fines for drivers can reach \$250.

## **Airbags need seat belts to work safely.**

Buckle up to stay securely in your seat, minimizing your risk of injury or death from the airbag's impact.

## **Stop projecting. It can be dangerous.**

Your seat belt is designed to keep you from being thrown around in or out of the vehicle. Bags, toys, and even groceries can also become projectiles during a crash.
